Young Enterprising Students

Our students had a workshop related to Team Building that was organised in cooperation with Muğla Sıtkı Koçman University Dalaman Vocational High School. Dalaman Vocational High School Lecturer Mrs. Nuray Ayhan presented the workshop. After the students had info about the importance of teambuilding and team work, they joined a workshop. They had a great time while building a tower with just newspaper and saletape. At the end of the workshop Director of Dalaman High School Assistant Professor Mr Haşim Kafalı gave success certificates to our students..
